ATTACHMENT "A"

On October 1, 2020, members of the Homeland Security Investigations (HSI) led Rio Grande Valley Child Exploitation Investigation Task Force (RGV CEITF) were contacted by the Texas Attorney General's Office (AGO) with an investigative referral generated by the National Center for Missing and Exploited Children (NCMEC). The referral was from Google involving a suspect producing and uploading multiple files of child exploitation material to a Google account linked to a subscriber with email addresses [REDACTED] and [REDACTED]. An investigation was initiated to identify the suspect(s).

Provided in the NCMEC report were approximately 323 images and video files of depicting young children engaged in sexually explicit conduct constituting child pornography. Upon review, it was determined that multiple files were unknown files of child exploitation material and appear to have been created by the individual that uploaded them to Google.

IP address [REDACTED] 113 was also provided in the NCMEC report, which is assigned to Charter Communications in McAllen, Texas. A summons return from Charter Communications revealed that IP address [REDACTED] 113 was registered to Reid Etheridge at [REDACTED] McAllen, Texas 78501.

On October 2, 2020, the HSI RGV CEITF executed a federal search warrant at [REDACTED] McAllen, Texas 78501. Agents encountered Reid ETHERIDGE (DOB: [REDACTED] 1979) at the front door of the residence. ETHERIDGE agreed to accompany HSI agents to the HSI McAllen office for an interview.

Under advisements of *Miranda* rights, ETHERIDGE agreed to give a statement. ETHERIDGE confirmed that he was the owner and user of both the [REDACTED] and [REDACTED] email addresses, and stated he was employed as a professor at South Texas College. Subsequently, ETHERIDGE admitted to sexually assaulting a minor female child, whom he described as a four (4) year old female on at least six (6) occasions, beginning in approximately March of 2020. ETHERIDGE also admitted to filming the sexual assault of the child he identified as a four (4) old female.

ETHERIDGE also admitted to downloading and saving multiple files of child pornography to his Google account, to include the files he produced. ETHERIDGE confirmed he created child pornography utilizing his cellular telephone as a recording device, and granted HSI SAs consent to review the cellular telephone for child pornography. HSI SAs found videos and images depicting young children engaged in sexually explicit conduct constituting child pornography on ETHERIDGE's cellular telephone, and ETHERIDGE confirmed he produced some of those videos and images.

Videos of the child engaged in sexually explicit conduct constituting child pornography were included in the original NCMEC referral, and Etheridge confirmed he was the male subject in the videos depicted sexually abusing the four (4) year old minor victim, and that he had filmed the sexual abuse.
